Kentucky Derby Contest FREE to your Guests and a guest could win **\$50,000**

What does a guest have to do to win? Simply pick the top ten finishers in order in the 2008 Kentucky Derby. If a guest picks every horse in exact order of finish, they win \$50,000!

And you will have the pleasant task of announcing

“_____ just won \$50,000.”

If you buy 1,000 TopTen play tickets at 5 cents each, your total cost to offer this contest will be \$290.00 which includes the \$50,000 insurance cost.

Sound enticing? Let us know.

\$50,000 The Kentucky Derby May 5, 2007

In the game number boxes mark 3 6 1

CONTEST OBJECTIVE: Pick the Top Ten horses in exact finishing order. Mark each pick by filling the ovals on the Play Ticket with the number that matches the number of the horse on this sheet. You will earn points for every horse that finishes where you picked or higher. See the sponsor for scoring schedule.

- 1 Any Given Saturday
- 2 Bwana Bull

- 16 Stormello
- 17 Street Sense
- 18 Teuflesberg
- 19 Tiago
- 20 Zanjero

Entry Deadline:
3:00 PM Saturday, May 5

TOP TEN Contest Scoring

- If your pick for first finishes first you get 10 points.
- If your pick for second finishes second or better you get 9 points.
- If your pick for third finishes third or better you get 8 points.
- If your pick for fourth finishes fourth or better you get 7 points.
- If your pick for fifth finishes fifth or better you get 6 points.
- If your pick for sixth finishes sixth or better you get 5 points.
- If your pick for seventh finishes seventh or better you get 4 points.
- If your pick for eighth finishes eighth or better you get 3 points.
- If your pick for ninth finishes ninth or better you get 2 points.
- If your pick for tenth finishes tenth or better you get 1 point.
- If a pick finishes lower than what you recorded, you get 0 points.

Assume the possible picks are A, B, C, D, E, F, G, H, J, K

A player enters their picks in that order from A coming in first to K coming in tenth and that is the exact order of finish. The player would score a perfect 55 points

If a player enters their picks in exact opposite order from K coming in first to A coming in tenth, the player would score 15 points because only the picks F, G, H, J, K would score points

This scoring schedule allows you to award prizes based on points earned. A player is not penalized for not having a pick finish in the exact place of order. However, if a player's pick finishes lower than recorded, that pick would not score points.

And remember. . . a guest scores 55 points (a perfect score)
and SportGame pays you \$50,000.
